

PUBLIC STAKEHOLDER ANNOUNCEMENT

V2.0 April 2023

Dear Stakeholder,

We are excited to announce that our organization will be undergoing a comprehensive Water Stewardship Audit in the coming weeks. As a valued stakeholder, we wanted to inform you about this important initiative and its significance for our commitment to sustainable water management. The Water Stewardship Audit aims to assess our current water usage practices, wastewater management, identify areas for improvement and develop strategies to enhance our water stewardship efforts.

This audit aligns with our organization's commitment to environmental sustainability and responsible resource management. We believe that all of us should be a responsible corporate citizen and we should work together to help reduce the environmental impact in the country and thrive together for a sustainable future.

We value your support and involvement as a stakeholder, and we encourage you to share any insights or suggestions you may have regarding water stewardship. Your input is invaluable to us as we strive to make a positive impact on the environment and the communities in which we operate. We are committed to transparency and accountability throughout this process. Thank you for your continued partnership and support. Together, we can make a difference in preserving our precious water resources and building a sustainable future.

If you have any questions or would like further information, please do not hesitate to reach out to us. We look forward to your continued engagement in our water stewardship journey.

Nestlé Waters Bahrain is seeking **initial certification** against the Alliance for Water Stewardship Standard (AWS) V2.0 for the following site:

Site Name:	AlManhal Water Factory
Site Address:	Almusala, Block 411, Road 1161, Building 1493, Manama, Bahrain
GPS Site Coordinates:	26.120192639815084, 50.3200858266926
Site Country:	Bahrain
